

PERTH DEMO

19th October 2013

Start: 12.30pm, South Inch Car Park, Perth

**The factory I worked
at closed and relocated
abroad because of
increasing energy
costs**

For every job created in the renewables sector, 3.7 jobs are lost elsewhere. In Scotland only 2,235 people are employed directly by the wind industry. The Scottish wind industry receives an annual subsidy of £344 million, which every electricity consumer funds via their bills. This means each of these jobs costs UK consumers £154,000 per year.
