

## APPEALS BY REPORTER

I compiled two documents which set out the decisions by different Reporters on windfarms. In both the terms “REFUSED” and “ALLOWED” refer to decisions on appeals while decisions on S36 schemes are shown as “S36 YES” when the Report recommended approval and “S36 NO” when it was for refusal.

This document begins with those reporters who as at 230822 had refused or disapproved every scheme and lists the others by the right hand figure showing the percentage approved. There are 8 Reporters who have contrived to support developers in every case they have considered.
